

- **What made you want to work at Bow School of Maths and Computing?**

I wanted to continue to teach in East London. I had also heard of Bow's reputation for outstanding leadership and the hard work that teachers at Bow put into every boy's education.

- **What is your role?**

Year 11 learning manager and science teacher.

- **What does your job entail?**

Seriously – how long have you got? But basically I monitor and support all the year 11s and help them to achieve their potential at Bow.

- **What is the most rewarding thing about your job?**

When a pupil picks up their test/exam results and they have done really well. Or any time a pupil achieves their goals – whatever they happen to be.

- **What is your favourite book?**

My favourite book as an adult is always changing. However my fav book of all time is probably Horse and His Boy by C S Lewis.

- **Who inspires you?**

My mum!

- **If you could invite 3 famous people for dinner who would you choose and why?**

Barack Obama – I would like to ask him about his views on things 'off the record'.

Stephen Fry – I would love to talk about life and science with him.

David Tennant – who wouldn't want him for dinner?

- **What do you like to do in your spare time?**

Anything that involves having fun with friends and family.

- **Tell us a secret about yourself.**

One day I would like to own a farm.
