4. Doodle

In June 2016, Bow School introduced a new approach working with the Doodle Platform, to assess and track student progress at KS3.

This platform also has a comprehensive range of online teaching, homework and assessment resources to support learning and progress across the secondary curriculum.

Year 7 parents will be sent a letter shortly with their Doodle username and password.

Doodle will be explained in more detail at our next school surgery.

If you have any questions about doodle please email Ms Bjelica at Bjelicaa@Bow-School.org.uk
