

Welcome to Olive Dining

We are delighted to take this opportunity to introduce you to Olive Dining. We are the catering provider for your school from September.

Here at Olive, we are passionate and committed in providing the most nutritious and delicious school meals.

Our food is always freshly prepared on site, using the highest quality ingredients.

We offer exciting and innovative menus which run in 3-weekly cycles, each of which contain a variety of hot dishes with different concepts. Alternatively, our cold deli bar offers plenty of delicious, fresh salad options plus a selection of freshly filled sandwiches and baguettes.

In addition to our lunchtime menus we provide an extensive array of food choices from breakfast to home time, which may include morning break items, or grab and go snacks from outside pod areas.

We have a dedicated onsite catering team who are skilled and trained in creating all our menus and dishes. They are also knowledgeable to respond to any queries students may have.

Free Secondary School Meals

Olive Dining can provide both Halal meat and non Halal meat where required. We have requested Olive Dining provide your school and students with Halal meat to ensure that meat dishes are appropriate for all faiths and meet the demands of the families and students at the school.
