### Ofsted Report

Dear Parent/Carer,

I hope this letter finds you, and all in your family, well.

As you will be aware the school was visited, by Ofsted, on 12<sup>th</sup>-13<sup>th</sup> September. Our first visit, by inspectors, since March of 2018. I am pleased to be able to share the outcome of the recent inspection of our school, by Ofsted, who have confirmed our status as a **good school**.

You will know that, alongside the challenges school's faced during the pandemic, we have been working hard to continually strengthen and improve provision at the school. Within the pages of this report, there is a strong recognition of the progress made at the school over the last few challenging years. There is much to celebrate too.

I was, particularly pleased, when receiving the feedback from the inspection team to note the opening line of the report which recognises that "pupils enjoy coming to" what Ofsted have described as an "ambitious, forward-looking school, where they become 'world-ready' and 'career-ready'"

Yours Sincerely,

Mr D Lye  
Headteacher
